

ISFAP
Ikusasa Student Financial Aid Programme

FAST TRACK YOUR CAREER

WITH THE ISFAP BURSARY FUND

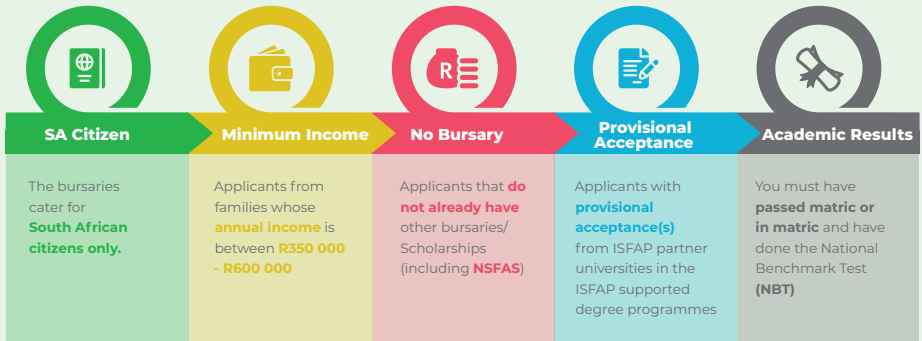

The Ikusasa Student Financial Aid Programme (ISFAP) was established in 2016 to develop a sustainable funding model for the higher education costs of South Africa's missing middle students. The programme aims to fast track South Africa's skills production for the 21st century by funding the higher education costs of students studying towards a career in scarce skills that have been identified as critical to South Africa's economic development.

ISFAP AIMS TO ADDRESS THE FOLLOWING CHALLENGES THAT FACE SOUTH AFRICAN STUDENTS:

- 1 Reducing the high dropout rate of poor and working-class students in the higher education and training sector
- 2 Improving the employability of funded graduates
- 3 Improving the country's skills profile, especially in occupations of high demand
- 4 Improving the partnership between government, the private sector/business and higher education institutions in supporting poor and "missing middle" students.
